

TONASKET - FARM TOUR MEDICINAL AGROFORESTRY SYSTEM

APRIL 15TH, THURSDAY

1:00 - 4:00PM

Location: Edible Acres Farm
29 Alvarado Road, Tonasket, WA 98855

Tour a 12-year old, 1-acre Medicinal Agroforestry Planting with Michael "Skeeter" Pilarski. Hundreds of shrubs and trees were planted as well as many herbs. The planting has been partially neglected in recent years. It is interesting to see how the various species have fared over the years and which herbs have gone wild. Michael has lived in the Okanogan off and on since 1972.

A small herbal cooperative is coming together to tend the site and increase its productivity. Interested people should attend. This also offers an opportunity for the permaculture-inclined community to get together and chat.
